

HIPAA Data Quality Assessment

If you are a healthcare provider, health plan, or clearinghouse, take a few minutes to answer the following questions to see if you would benefit from a free HIPAA Data Quality Consultation from Metaview³⁶⁰.

Circle the response that best reflects your answer to each question:

- | | | | |
|---|-----|----|----------|
| 1. Does your IS organization understand the impact of the HIPAA privacy and security regulations on its handling of health claims data? | Yes | No | Not Sure |
| 2. Do you file all health care claims electronically? | Yes | No | Not Sure |
| 3. Do you know whether you use the HIPAA transaction sets and code sets today and, if so, which ones? | Yes | No | Not Sure |
| 4. Does all of your health claim data reside in a single database? | Yes | No | Not Sure |
| 5. Have you analyzed each of your IS systems to determine what changes, if any, may be required to comply with HIPAA? | Yes | No | Not Sure |
| 6. Do you have written documentation that articulates any "gaps" between your data and the HIPAA standards, as well as your plan to address these gaps? | Yes | No | Not Sure |
| 7. If you use a software vendor or third-party service for claims processing, are you confident in their level of HIPAA data compliance? | Yes | No | Not Sure |

If you answered "no" or "not sure" to any of these questions, you could benefit from a free consultation by Metaview³⁶⁰ on HIPAA Data Quality.

Free HIPAA Data Quality Consultation

Call today for a free, onsite consultation with one of our data quality experts. During the consultation, you will learn the relationship between data quality and the HIPAA standards, how to assess the impact of data quality on your HIPAA-compliant transactions, and ways data quality may be affecting your bottom line. Contact Barbara Nichols at Metaview³⁶⁰ at 978.790.3457 or freeconsultation@metaview360.com to arrange your free consultation.
